I think you have this covered so I will decline. It seems the State has been saying it was SB4. We should not undercut them but we need to be transparent about our efforts to straighten out confusion re AEs. Just my two cents

Good Morning All,

I just got off the phone with Kelly Zito and she suggested we put a plan together regarding how we want to communicate EPA's role in the State of CA UIC Program. Nahal needs some assistance from us to determine next steps regarding the press inquiries that came in yesterday. It appeared that everyone was available at this time to discuss. I wasn't sure how everyone's schedule looked tomorrow, but have an understanding that Nahal will need some messaging help sooner rather than later.

Thanks,
Audrey
